In her latest book, *Hit Em' Where It Hurts: How to Save Democracy By Beating Republicans at Their Own Game*, Rachel argues Democrats must use negative partisanship to drive strong turnout, while simultaneously pushing voters away from voting for Republicans. Rachel's book will be available for purchase.

Though this conference is made possible in part by a generous grant from the Indivisible Project, we can't pay for it without donations from attendees. Suggested donation - \$65 per attendee. Conference will be Zoomed for those who cannot attend in person.
